Oct 2021 - Jun 2024	Twopir Consulting Private Limited Pune, Maharashtra 2 years and 8 months of experience as an Administration and Developer in Salesforce. Has good knowledge of the Technical and Functional aspects of Salesforce.com, on demand CRM package.

PROJECT

1. Salesforce Integration with Third-party Tools:

Description - Integrated Salesforce with external applications (e.g., email marketing automation) to enable seamless data exchange & streamline business processes.
Utilized Salesforce APIs and middleware platforms like Zapier or mailparser to connect systems.
Automated data synchronization and reduced manual data entry, leading to increased efficiency.

2. WebMerge Document Automation:

Description - Designed and implemented a document automation solution using Salesforce and WebMerge.
Integrated WebMerge templates to automatically create and distribute customized documents such as invoices, contracts, and Work orders.
Streamlined document generation processes, reducing manual errors and saving hours of manual work.
