

Detail-oriented and results-driven an experienced Salesforce Developer with 2.7 years of hands-on experience in designing, developing, and implementing customized Salesforce solutions. Proficient in Apex, Integration, Lightning Web Components, and Salesforce administration. Adept at collaborating with cross-functional teams to deliver high-quality solutions that meet business requirements.

WORK EXPERIENCE

Associate (Salesforce Developer) Cognizant Technology Solutions

October 2021 — Present
Kolkata, West Bengal

I Worked as a Salesforce Developer for a leading Telecom client "Colt" for their Sales Cloud implementation. The client wanted the implementation of Salesforce CRM as they require sales data to make faster and better data-driven decision-making.

- Designed, developed, and deployed the Custom objects, Page layouts, Workflow Rules, Process builders, Custom tabs, Components, VisualForce Pages, Apex classes, and Triggers to suit the application's needs.
- Designed and developed Lightning Web Components (LWC) to enhance the user experience and improve system performance.
- Created Profiles and Roles, based on Organizational role hierarchy, implemented Record-Level and Field-level Security, and configured their sharing settings.
- Worked closely with stakeholders to gather requirements, identify opportunities for process improvement, and translate business needs into technical solutions.
- Configured product bundles, pricing rules, and approval processes within Salesforce CPQ to optimize sales workflows.
- Conducted user training sessions and provided ongoing support to ensure the successful adoption of Salesforce CPQ.
- Worked on asynchronous programming batchable, schedulable, @future, etc.
- Completed Salesforce Developer certification and pursued ongoing professional development opportunities to enhance skills and knowledge.
- Worked on the SAP integration to make data available from SAP to Salesforce, syncing contacts, Accounts, and customer data, automated order processing and sales activities of single/multiple products, product information, and product line item and costing.

TECHNICAL SKILLS

- Salesforce Administration: Sales Cloud, Flows, Workflow, Validation Rules, Email templates.
- Programming: Apex, Triggers, Aura, SOQL/SOSL, LWC, HTML, CSS, JavaScript.
- Strategic: Salesforce API, Integration, Data enrichment, Governance, Compliance.
- Tools: VS Code, Salesforce CLI, SFDX, Data loader.

SOFT SKILLS

- Strong communication and interpersonal skills
- Ability to work effectively in a team environment
- Detail-oriented with excellent problem-solving abilities
- Proven ability to manage multiple tasks and prioritize effectively

ACHIEVEMENTS

- Many Times I have been appreciated by the clients, Team lead, and manager for good quality work and for ensuring all the requests were timely.
- Awarded as Star Performer for achieving outstanding academic performance and Extracurricular Activities.
