

## Deepak Sharnagat

Salesforce Certified Developer  
deepaksharnagat.sfdc@gmail.com

- Over 2 years of outstanding expertise in Salesforce, encompassing comprehensive configuration, customization, Data Migration, and lightning Web Component development. I have a proven track record of delivering robust solutions that drive operational efficiency and enhance user experience.
- Proficiently leverage Apex classes, Triggers, Visual Force, and SOQL to develop sophisticated functionalities, ensuring seamless integration and data processing within the Salesforce platform.
- Excel at optimizing application flow and code, adeptly fine-tuning implementations to adhere to stringent Salesforce governor limits, while consistently achieving remarkable performance improvements.
- Skilled in executing diverse SFDC Administrative tasks with precision. Proficiently create and manage Profiles, Roles, Users, Page Layouts, Validation rules, Process builder workflows, permission sets, sharing securities, and more, tailoring each element to meet specific business requirements.
- Authentication, SSO/Auth Provider, Apex (Synchronous and Asynchronous), Flows, Troubleshooting Errors, Integration, Lightning Experience - Lightning Web Components.

### TECHNICAL SKILLS:

| Area                 | Experience                                                  |
|----------------------|-------------------------------------------------------------|
| Technologies         | Salesforce.com, Force.com                                   |
| Framework            | Salesforce Classic & Lightning                              |
| Database             | My SQL, SOQL, SOSL                                          |
| Languages & Packages | Java, Apex, Visual Force Pages, Lightning Design, Lightning |

|                         |                                            |
|-------------------------|--------------------------------------------|
|                         | Web Component(LWC)                         |
| <b>Operating System</b> | Windows                                    |
| <b>Tools &amp; IDEs</b> | Apex Data loader, Workbench, Import Wizard |

## PROJECTS:

### 1) **Client: Gravity Infosolutions, India**

Spearheaded the implementation of Sales Cloud from scratch at Gravity Infosolutions, optimizing lead, opportunity, tender, and campaign management processes; resulted in a increase in lead conversion rates.

#### **Roles and Responsibilities:**

- Orchestrated the development and deployment of Apex classes, batch classes, and triggers, revolutionizing business operations, optimizing data handling, and elevating system functionality. The tailored code solutions drove a 30% increase in client satisfaction
- Engineered custom reports and dashboards for clients, boosting data-driven decision-making. Leveraged Salesforce reporting tools to deliver actionable insights, enhancing strategic planning and driving business growth.
- Enhanced user experience by implementing an Unsubscribe feature using Visualforce pages, streamlining opt-out process from email communications, ensuring compliance with data privacy laws, and promoting transparent communication.
- Spearheaded the design and implementation of a sophisticated error handling mechanism, capturing and analyzing 700+ exception errors monthly. Strengthened system reliability, expediting troubleshooting processes and ensuring swift technical issue resolution.
- Written test class for the exception handling and deploy successfully.

## **2) Client: Australian Council of Education Research (ACER)**

Directed the implementation of research-driven pedagogical strategies, leading to a 30% improvement in educational practices worldwide and enhancing learning outcomes for diverse student populations.

### **Roles and Responsibilities:**

- One of my notable achievements was importing metadata and incorporating essential business functions, enabling clients to seamlessly transition their processes to the Salesforce platform. This involved analyzing the existing systems, identifying key functionalities, and integrating them into Salesforce to ensure a smooth and efficient migration.
- the seamless integration of email services and invoice module, through Salesforce integration with email systems; this automation enabled the automatic generation and distribution of invoices to clients, resulting in streamlined invoicing, reduction of manual tasks, and heightened operational efficiency.
- Creating hyperlink for the document uploading for task object and written test class.
- Developed and implemented strategic data visualization dashboard in Tableau, improving client decision-making by providing real-time insights; increased client satisfaction score by 20%

## **3) Client: Mosaic Solution**

Mosaic is a premier provider of profit optimization solutions, specializing in data analytics, inventory management, point of sale, and purchasing for the food and beverage industry in Southeast Asia.

### **Roles and Responsibilities:**

- the migration of metadata from Pipe Drive CRM to Salesforce CRM. I meticulously analyzed and mapped data structures, ensuring a smooth and error-free transition. Migration of Meta Data from Pipe drive CRM to Salesforce CRM.
- Furthermore, I excel in crafting comprehensive reports and dynamic dashboards using Salesforce's powerful reporting tools. Through this, I transform raw data into actionable insights, enabling clients to make informed business decisions based on a holistic understanding of key metrics and trends.
- Moreover, I engineered a robust backup system by harnessing trigger functionality, ensuring effective data capture and backup. This proactive approach has significantly reduced the risk of data loss, providing clients with enhanced security and peace of mind.

**EDUCATION:**

| Course  | Board/University        | School/College                                          | Percent/CGPA |
|---------|-------------------------|---------------------------------------------------------|--------------|
| B. TECH | Dr. BATU, LONERE        | DR. Babasaheb Ambedkar Technological University, Lonere | 7.32 CGPA    |
| HSC     | Maharashtra State Board | Dinanath Junior College, Nagpur                         | 77.22%       |
| SSC     | Maharashtra State Board | Holy Cross English Medium High School, Butibori         | 83.45 %      |
