👤 Profile Summary

I am an experienced Flutter developer with over two years of experience creating smooth and responsive mobile apps. I specialize in integrating APIs, designing user interfaces, and managing backend services. My expertise includes Flutter, Dart, and Firebase (Firestore, Firebase Storage, Authentication, Hosting, and Functions), as well as BLoC, Provider, and other state management approaches for building robust and scalable apps.

👛 Professional Experience

Dotsquares Technologies 🔗

Jan 2023 – Jun 2024

Associate Mobile Developer

- **Metricreg** - Built an employee attendance app with biometric authentication and geolocation tracking to ensure accurate attendance and shift management. Increased shift management efficiency by 15%.
