### Summary

Motivated B.Tech CSE student with hands-on experience in building full-stack web applications. Proficient in Java, Git/GitHub, and MySQL/Oracle, possessing a foundation in DSA and core software development principles.

### Skills

**Programming & Querying:** Java, C, Oracle, HTML, CSS, JS, BootStrap, SQL

**Framework & Tools:** Spring Boot, Git, GitHub, MySQL

### Experience

#### Full Stack Developer Trainee

May 2025 – October 2025

Central Tool Room & Training Centre, Bhubaneswar

- Architected and developed a secure, full-stack **Hospital Management System** using **Spring Boot (Java)** and **Thymeleaf**, managing **3 core modules** and interconnected database entities.
- Implemented robust security via **Spring Security** and **Role-Based Access Control** across 4 user roles, ensuring **100% data privacy compliance**
- Normalized the database schema (**MySQL**) and integrated automated email notifications, projecting a **30% reduction** in patient no-show rates

#### Vocational Training

December 2024 – January 2025

NALCO Refinery, Damanjodi

- Gained practical experience in Java web development by building a **Bus Ticket Booking System** using **Spring Boot** and **MySQL**. Created responsive web pages using **HTML, CSS** and **JavaScript** for seamless user interaction
- Followed **agile development practices**, participated in code reviews, and implemented feedback to improve code quality.

#### Core Java Internship

July 2024 – August 2024

Central Tool Room & Training Centre, Bhubaneswar

- Learned to develop and debug Java applications using **OOPs** concepts such as **inheritance, polymorphism, abstraction & encapsulation**.
- Gained hands-on experience with Java fundamentals including **exception handling & multithreading**.

### Projects

#### FoodChain | Spring Boot

- Developed a full-stack web application using **Spring Boot, MySQL, and Spring Security** to connect donors, volunteers, and NGOs for redistributing surplus food.
- Implemented **role-based access control, and session management** for secure user interactions.
- Designed a responsive frontend using **JSP** for enhanced UX.
- Added modules for **Add Donation, My Donations, and Volunteer Dashboard**, enabling **real-time tracking** and efficient food distribution.

### Education

#### B.Tech in Computer Science & Engineering

Expected Graduation: 2026

Biju Patnaik University of Technology, Odisha

CGPA: 8.2 / 10

#### 12th Intermediate

Passed: 2022

Council of Higher Secondary Education, Odisha

Percentage: 79%

#### 10th Matriculation

Passed: 2020

Board of Secondary Education, Odisha

Percentage: 83%
