EDUCATION

P R Pote College Of Engineering & Management Amravati

Bachelors in Engineering (CSE) , CGPA: 9.06

Maharashtra, India

June 2019 - August 2023

PROFILE SUMMARY

Salesforce Developer with **1.2 years** of **experience** in developing and customizing Salesforce applications. Proficient in creating and configuring **custom objects**, optimizing **data relationships**, and developing business logic using **Apex** and **SOQL**. Adept at managing data access through **sharing settings**, **profiles**, and **field permissions**. Skilled in RESTful **API integration** with a focus on **security** using **Custom Metadata types** and **Remote Site Settings**. Experienced in developing responsive user interfaces with **Lightning Web Components (LWC)** and automating processes through **Flows** and **Triggers**. Successfully deployed solutions on **Experience Cloud** with tailored themes, and designed optimized **database schemas** and **distinct user profiles** for enhanced user experiences. Recognized with **first prize** in a global-level **Salesforce Impact Hackathon** for an innovative solution in the agriculture sector, and featured as a **top six finalist** on sfdcamlified.com.

SKILLS SUMMARY

- **Languages:** Apex, SOQL, Javascript, Java, HTML, CSS.
- **Frameworks:** Lightning Web Components (LWC), React JS, Bootstrap, Tailwind. SASS
- **Tools:** Salesforce Admin, Salesforce Development, Mulesoft, Omnistudio, Flows, Triggers, Data Migration, API Integration, Approval Process.
- **Platforms:** Salesforce, Sales Cloud, Service Cloud, Experience Cloud.

WORK EXPERIENCE | Salesforce Developer | The Coding Studio

Surat, gujarat, India

May 2023 - Present

TCS INTERNAL

Apr 04 - June 28

- Developed **database schemas** and organized data with **custom objects** and **relationships** to enhance user experiences. Designed **Flows**, **Triggers**, and **Apex classes** for efficient data retrieval.
- Created responsive interfaces with **Lightning Web Components (LWC)**, including a user-friendly signup page. Managed guest user permissions and enabled external access through custom domains. Deployed the TCS INTERNAL website on **Experience Cloud**, customizing themes for optimal presentation.

AARADHANA

Oct 03 - Feb 24

- Worked on the creation of schemas, **custom objects**, and **relationships**. Designed **Flows**, **Triggers**, and **Apex classes** for data manipulation.
- Developed custom **LWC components**, **integrated APIs**, and managed **profiles** and **permission sets** for security.

AGRICULTURE EMPOWERMENT | [LINK](#)

May 05- Aug 20

Salesforce Impact Hackathon Winning project

- Created and configured **custom objects** and **relationships** for seamless data interaction and integrated Agriculture Market and Weather **APIs** for real-time insights.
- Developed a responsive UI using Lightning Web Components (LWC) and utilized **Apex SOQL** for efficient data retrieval. Implemented secure **API integrations** with **Remote Site Settings**, **Metadata Types**, and **Named Credentials**.
- Configured **sharing settings**, **profiles**, **permission sets**, and **field permissions** for precise data access control and leveraged **Experience Cloud** to deliver personalized user experiences.
