PROFESSIONAL EXPERIENCE

Infosys Limited – Bangalore, Karnataka

November 2021 – June 2023

Salesforce Developer

- Developed and customized Salesforce applications, including custom objects, fields, and workflows, enhancing business processes and user experience.
- Developed Apex classes to identify and eliminate obsolete records using **Batch Apex** and **Scheduled Apex classes** for automation, **achieving 100% code coverage**.
- Designed **Salesforce Flows** to automate diverse tasks including Email Communication.
- Extensively worked with **custom objects, custom fields, Pick-list, page layouts, Workflows** and **Quick Actions, Validation Rules, custom reports** and **Dashboards**.
- Enhanced platform security using the customization of **Salesforce profiles and roles**, alongside strategic configuration of **object and field-level access controls**.
- Provided ongoing support and maintenance for Salesforce applications, including troubleshooting and resolving technical issues.
- Participated in code reviews, testing, and debugging to maintain the quality and integrity of salesforce applications.
- Resolved and closed **99%** of support tickets within established SLAs, ensuring optimal user satisfaction using SERVICE NOW.
