BACHELOR OF TECHNOLOGY

Bikaner Technical University ,2020-2024

12TH (SCIENCE & MATHS)

RBSE BOARD,2018

PERCENTAGE - 72%

10TH

RBSE BOARD,2016

PERCENTAGE-85%

Projects

ELECTRICITY BILLING SYSTEM

In electricity billing system we can login as a customer or as an admin and we can check all our bill information that is present in database and admin can add new customer only and that info is inserted into our database and we also pay our bill and generate bill.

SOCIAL MEDIA CLONE

I created fully functional social media using react js for frontend and SpringBoot for backend and Mysql for database .In this project I created Api's such as user,comment,post,story,login,register etc.

TRAVEL AND TOURISM MANAGEMENT SYSTEM

In this project we use core java ,oops concepts and jdbc for database connectivity and for database mysql

TIC TAC TOE

we create tic tac toe game using core java , java swing for gui and event interface for event handling

HOBBIES

Debates
watching movies
