Summary

Backend Developer with experience building robust APIs using FastAPI and deploying cloud-native applications on AWS. Skilled in DynamoDB, Python async architecture, LLM workflows, and secure REST API development. Strong focus on performance, scalability, and chatbot architectures.

Skills

- Python (Async, Pydantic, UUID)
- AWS DynamoDB
- Chatbot Threading Logic
- API Integration & Webhooks
- FastAPI & REST API
- LLM APIs (Together AI)
- Structured Logging & Monitoring
- HTTPException Handling

Projects

LLM-Powered Chat API

Built a FastAPI backend integrating Meta LLaMA via Together AI. Implemented secure threaded chat storage with UUIDs and DynamoDB indexing.

- Auto-registers new users and updates conversation history
- Utilizes GSIs for efficient lookups
- Optimized API performance and security

ChatGPT + FastAPI Integration

Integrated ChatGPT API with DynamoDB to build a real-time, persistent AI chat system.

- Built secure FastAPI endpoints and middleware
- Threaded conversation architecture with UUIDs
- Deployed via AWS with best practices in API key handling

Experience

Backend Developer (Freelance / Remote)

Jan 2025 – Present

- Built scalable backend systems using FastAPI and DynamoDB
- Managed chatbot APIs and real-time message handling
- Implemented advanced query optimization and logging

Senior Web Developer – Business Software India

Aug 2024 – Dec 2024

- Migrated Symfony apps to Laravel with clean architecture
- Developed REST APIs, payment systems, and OAuth login
- Integrated SMTP & SMS gateways

Web Developer – Sanspots

Feb 2024 – Aug 2024

- Created real-time chat system and CMS
- Integrated ML models into Laravel

Software Engineer – Deepzone Technology

Dec 2022 – Dec 2023

- Built custom web apps and dashboards
- Integrated ArcGIS and D3.js

PHP Developer – Konsolegroup

Dec 2021 – Dec 2022

- Built responsive UIs and data visualization tools
- Used D3.js to create dashboards

Education

Master of Computer Applications

Bhilai Institute of Technology – Aug 2019 to May 2021

Bachelor of Computer Applications

SSMV Bhilai – Aug 2015 to May 2019
