**LinkedIn:** <https://www.linkedin.com/in/nilesh-waghmare-81bab469>

---

### **SUMMARY:-**

1.6 years of experience as a QA Testing for mobile and web applications in the FinTech domain. Proficient in Software Testing, SDLC, STLC, Regression Testing, Agile methodology, Jira, MySQL, and API testing using Postman. Skilled in test design techniques such as Equivalence Class Partitioning (ECP) and Boundary Value Analysis (BVA). Expertise in the Defect Life Cycle/Bug Life Cycle. And hands-on experience in Sanity Testing and Functional Testing, Adhoc Testing, Exploratory Testing, and end-to-end application testing. Basic knowledge of Automation Testing (Selenium with Java) TestNG and Maven.

---

### **EXPERIENCE:-**

**ByajBook**, Bengaluru (Remote)

#### **Quality Assurance (QA) Dec 2022 – Apr 2024**

- Created test cases and conducted manual testing to identify and resolve software defects before release.
- Involved in designing Test Cases and Backend Testing.
- Participated in test case review meetings.
- Performed Functional Testing, Retesting, and Regression Testing.
- Reported regular status updates to the higher authorities on time.
- Participated in various scrum ceremonies, including scrum meetings, sprint planning, sprint retrospectives, and backlog grooming.

#### **QA Intern Sep 2022 – Nov 2022**

- Prepare test cases and scenarios.
  - Analyzed customer requirements by reviewing the SRS document.
  - Identified and documented software requirements and user stories for testing purposes.
  - Interact with developers and discuss technical issues and bugs.
- 

### **EDUCATION:-**

Dr. Babasaheb Ambedkar Marathwada University (BAMU), Aurangabad, Maharashtra  
MCA

---

## **SKILLS:-**

- **Software Testing:** Test Planning, Manual Testing, Mobile Testing, Web Testing
  - **Quality Assurance (QA):** Bug Reporting and Tracking, Test Case Design and Execution, User Acceptance Testing
  - **Testing Methodologies:** SDLC, STLC, Functional Testing, Non-Functional Testing, Regression Testing, Retesting
  - **Test Techniques:** Black Box Testing, White Box Testing, Equivalence Partitioning, Boundary Value Analysis
  - **Agile Practices:** Scrum Ceremonies, Sprint Planning, Backlog Grooming
  - **Test Automation:** Selenium WebDriver, TestNG, Java, Maven
  - **Soft Skills:** Analytical Thinking, Communication, Time Management
- 

## **TOOLS:-**

- Jira, Slack, Mixpanel
  - Eclipse IDE, Selenium WebDriver
  - MySQL, Postman API, Zoho
- 

## **CERTIFICATIONS:-**

- Software Testing Tutorial - Great Learning
  - Software Testing Certification Course - Eduonix Learning Solutions
  - Java Programming - Great Learning
  - OOPs in Java - Great Learning
  - MySQL Basics - Great Learning
  - Selenium Basics - Great Learning
- 

## **PROJECTS:-**

### **ByajBook, (18 Months)**

Implemented test cases and captured test evidence. Updated test results in JIRA regularly. Logged defects in JIRA and followed the Agile methodology. Worked on salesforce application, and developed test cases and test data.

### **Digital Gold, (13 Months)**

Simplified buying and selling of 24-carat digital gold, offering transparency and no hidden charges. Provided features to convert digital gold to physical gold (coins) anytime. Ensured security and insurance for digital gold investments.

### **Five Filter E-Sports, (7 Months)**

Focused on esports performance improvement and management.  
Maintained records of tournaments, prizes, rounds, teams, and point systems.
