PROFESSIONAL EXPERIENCE

Salesforce Developer Genpact

01/2022 - Present

Gurgaon

Achievements/Tasks

- Lead developer for accounts payable automation projects for Walgreens, USG Corporation, and Olympus Corporation.
- Designed and implemented custom Salesforce solutions, including triggers, batch apex, flows, and REST API integrations.
- Managed the entire development lifecycle from requirement gathering to deployment, ensuring compliance with governance limits.
- Integrated Salesforce with third-party applications using REST/SOAP APIs, improving data synchronization and ensuring all governor limits along with testing.
- Created troubleshooting framework and provided ongoing maintenance and user support, reducing the average resolution time by 40%.
- Enhanced system security and data integrity using Salesforce security best practices and connected apps.
- Facilitated cross-functional team collaboration and agile project management to ensure timely delivery of new features and fixes.

Salesforce Developer Persistent Systems

01/2021 - 01/2022

Pune

Achievements/Tasks

- Developed and maintained Salesforce applications for IDFC First Bank, focusing on the Aura framework and Visualforce components.
- Optimized existing code for performance improvements and managed hot fixes for production bugs under tight deadlines.
- Achieved 85% code coverage with robust test classes and ensured detailed documentation for new features and configurations.
- Assessed and mitigated impacts of Salesforce's Winter '22 release on existing environments through comprehensive testing.
