

PROFESSIONAL SUMMARY

Salesforce Developer with **1.5+ years** of hands-on experience in designing, developing, and deploying scalable solutions on the Salesforce platform. Proficient in **Apex, Triggers, Lightning Web Components (LWC), Flows, Workflows**, and other core Salesforce **automation** tools. Skilled in building custom applications, optimizing business processes, and integrating third-party systems to deliver user-centric solutions. Strong foundation in Java, C++, and modern web technologies, complemented by practical expertise in both Salesforce **Administration and Development**. Adept at collaborating with cross-functional teams to align technical solutions with business goals.

SKILLS

- **Point-and-Click Features:** Proficient in using Salesforce's point-and-click tools including creating custom objects, fields, and layouts.
- **Apex & Visualforce:** Extensive experience in Apex, Triggers, Visualforce page, Flow, Workflows, and Process Builder.
- **Lightning Components:** Proficient in developing Lightning Aura and Web Components (LWC).
- **Data Migration:** Skilled in migrating data from external sources to Salesforce using Data Loader, Work Bench and other ETL tools as well.
- **Meta-Data Migration:** Skilled in using Visual Studio Code and proficient in deployments using ANT and Change Sets, including managing package.xml and handling pre- and post-destructive deployments.

EXPERIENCE

Associate Software Engineer | Success Ladder Technologies

Jun 2024 – Present

- Designed Contributed to multiple Salesforce development projects with a focus on Apex, Triggers, Flows, and Lightning Web Components (LWC), delivering tailored solutions for clients across various domains.

Key Projects:

- **Real Estate CRM Automation:**
 - Designed and implemented automated workflows for a real estate client using **Apex, Flows, and Triggers**, improving operational efficiency by 30%.
 - Developed custom **LWC components** to handle real estate-specific business processes and enhanced UI responsiveness.
 - Integrated **Nintex DocGen** for automated document generation, significantly reducing the manual workload and improving customer response time by 20%.
- **Sales & Service Cloud Implementation:**
 - Delivered scalable solutions using **Apex, Workflows, and Flows** within **Salesforce Sales and Service Cloud** environments.
 - Configured **Approval Processes, email alerts, and Task** automation to streamline sales and support operations.
- **HubSpot to Salesforce Data Migration:**
 - Led real-time data migration efforts from **HubSpot CRM to Salesforce**, including **Accounts, Contacts, Opportunities, Tasks, and Activities**.
 - Utilized **REST APIs and Excel** imports to ensure **accurate** and **consistent** data synchronization across systems.
- **Hotel & Resort CRM Automation:**
 - Developed custom **Apex REST resources** and accompanying test classes to enable seamless API-based integrations between Salesforce and external hotel management systems.
 - Built responsive and reusable **Lightning Web Components (LWC)** to support real-time guest data interaction and enhance user experience.
 - Designed and maintained **Apex classes and Triggers** to automate key hospitality workflows, including booking updates, guest preferences, and more.
 - Configured and managed **Permission Sets** to enforce secure, scalable, and role-based access control across various user profiles.
 - Executed comprehensive **User Acceptance Testing (UAT)** and **QA org sanity** checks to ensure solution stability and compliance before deployment.
 - **Data migration** efforts across **development, QA, and UAT environments**, maintaining consistency and integrity.

Tech Stack: Apex, Triggers, Flows, LWC, Workflows, Process Builder, Sales Cloud, Service Cloud, REST APIs.

Salesforce Developer Trainee | Capital Info Solutions

Feb 2024 – May 2024

- Salesforce Developer with hands-on experience in Salesforce administration and custom application development.
- Proficient in Apex programming, Visualforce pages, and Lightning Web Components (LWC) for building scalable solutions.
- Skilled in user management, profile and permission set configuration, and process automation using Flows and Process Builder.
- Experienced in deployment and release management using Change Sets and ANT Migration Tool.
- Strong knowledge of data modeling, data migration, and system integration within the Salesforce platform.
- Dedicated to continuous improvement and delivering business value through optimized Salesforce implementations.

Tech Stack: Apec, Trigger, Flow, LWC, Apex Test Class.

Software Developer Trainee | Softomate Solutions

Oct 2023 – Jan 2024

- Designed a responsive web app for handyman services, increasing customer bookings by 40% within 3 months and boosting revenue by \$50,000.
- Developed RESTful APIs and integrated third-party services like **Stuart**, **Gophr**, and **Xero**, reducing operational delays by 40%.

Tech Stack: PHP, Laravel, HTML, CSS, Postman.

Software Developer | Smart India Hackathon

Jun 2022 – Aug 2022

- Collaborated with stakeholders to define project requirements, conduct user acceptance testing (UAT), and enhance software functionalities, achieving a 40% increase in user satisfaction and a 25% reduction in customer complaints.
- Designed and developed the Student Guidance System web application, incorporating AI-driven recommendation algorithms, which resulted in a 25% improvement in program completion rates and a 20% boost in user satisfaction.
- Developed responsive frontend components that improved page load times by an average of 1.5 seconds; this optimization contributed directly to elevating the site's performance metrics.
- Developed and implemented features to enhance academic guidance, streamline course planning, and optimize resource management, resulting in improved efficiency and user satisfaction.

Tech Stack: HTML, CSS, JavaScript, React JS, MySQL.

EDUCATION

Modern Institute of Technology and Research Centre

Bachelor of Technology in Computer Science and Engineering (CGPA– 89.3)

Abwar, Rajasthan

ACHIEVEMENTS

- 4 Star Coder in Java on **Hacker Rank**.
- **196+ Badges** and **171,625+Points**

Hacker Rank
TrailHead

CERTIFICATIONS

- Grand Finalist in **Smart India Hackathon** (2022).
- CIT-003: Web Based Technologies and Multimedia Applications.
- **Salesforce AI – Associate** Certified
- **Salesforce Platform Developer** Certified
