PROFESSIONAL SUMMARY

Dedicated and result-oriented salesforce professional with over 3 years of experience in the salesforce administration and development. Adapt at customizing and optimizing salesforce solutions to streamline business processes and enhance user experience. Proven track record of successful project delivery and collaboration with cross-functional teams.

WORK EXPERIENCE

- **Salesforce Developer,**
Brillio Private limited, Bengaluru, India 08/2022 - Current
 - As a developer in the Partner Portal Project team, my role primarily involved designing and implementing custom features to enhance the functionality and user experience of the portal
 - I worked on various aspects of the portal, including custom objects, fields, CMS (Content Management System) pages, and CRM (Customer Relationship Management) synchronization
 - One of my key responsibilities was the customization of custom objects and fields, tailoring them to the specific needs and requirements of our clients
 - This involved creating and modifying data structures to store essential information accurately and efficiently
 - Additionally, I played a vital role in the development of CMS pages, ensuring that the content displayed on the portal was not only visually appealing but also relevant and easily accessible to users.
- **Quality Analyst**
Brillio Private limited, Bengaluru, India Jan 2022 – May-2022
 - Involved in creating TEST DATA/TEST CASES and also learned to work with Account link, Opportunity link, and Quote link in the given excel sheet
 - Involved in generating ORDER GENERATION PROCESS and validating different stages on salesforce CPQ platform
 - Involved in QUOTE CREATION after approval of quote and related list product.
- **Salesforce Developer**
Brillio Private limited, Bengaluru, India Nov 2021 – Dec 2021
 - Worked on BATCH APEX and writing the basic skeleton batch apex
 - Involved in testing the code to test whether the code have written is correct or not for this I do unit testing
 - Involved in checking code coverage (75%) and 1% is trigger.

CERTIFICATION

- Salesforce Certified Administrator
- Certified in Platform Developer - 1 (PD-1).
- Certified in Copado Tool Fundamentals I & II.
