Description

Motivated Computer Science undergraduate, driven by a passion for innovation, seeking a dynamic Software Developer Engineer position. Excited to apply technical expertise, creativity, and proficiency in C++, Java and Python to craft software solutions that not only meet but surpass organizational objectives. Eager to contribute to a collaborative development team and bring fresh perspectives to challenging projects.

Technical Skills

- HTML5, CSS3, JavaScript
- DBMS, OS, SQL
- Data Structures, Algorithms
- OOPs Concept
- Git & GitHub

Professional Skills

- Cloud Computing
- Data Modeling
- Testing and Debugging
- Software Development Life Cycle

Personal Skills

- Problem Solving
- Team Collaboration
- Adaptability
- Continuous Learning

Work Experience

InternPE

Jul 2023 – Aug 2023

Web Development Engineer

Worked on development of extensible UI components and UX solutions - 3D Modeling and Prototyping.

- **Ecommerce** - A commercial website that allow users to read blog about the product before purchase, newsletter subscription feature to get frequent updates. Also, location of store provided through google maps. [Github Link](#), [Demo Video Link](#)
- **Goal tracker** - Web based application to keep track of daily goals that uses web local storage for persisting the achievements. Demonstration - [Github Link](#), [Demo Video Link](#)

Education

Bikaner Technical University

Aug 2020 – Present

BTech in Computer Science Engineering

- GPA: 8.55/10
- Winner in College Level Coding Contest.

Career Vision Senior Secondary School

Jul 2019 - May 2020

SSE in Science

- Percentage: 82.8%
- Received scholarship for excellent academics.

Projects

- **Algorithm Visualizer**
Developed a web App that Visually displays how an algorithm works. Visualization tool for fascinating algorithms of sorting, Searching.
- **QR CODE – Generator**
It is a two-dimensional bar code used for its fast readability and comparatively large storage capacity.
- **QUIZ APP**
Test knowledge with a series of SQL questions. Navigate through questions using the 'Next' button and submit answers When ready.

Awards and Certifications

- Received Certificate in Full Stack Development.
- Oracle SQL Explorer Assessment Certified, score 80% in exam.
- Certification from ISRO in Remote Sensing.
- Hacker rank SQL Certification.
- Cleared Coding Ninjas Codekaze Round 1 and 2.

Languages

- C++, Python , Java, JS
