OBJECTIVE

Enthusiastic and detail-oriented Computer Science graduate with a solid foundation in software development and manual testing. Seeking an entry-level role as a Software Developer and Tester to apply my skills in Java programming, Python, and manual testing. Eager to contribute to innovative projects and ensure high-quality software delivery through meticulous testing and efficient code development.

EDUCATION AND TRAINING

Savitribai Phule Pune University, BE in Computer Engineering

June 2017 – June 2021

- CGPA: 7.48/10.00

- **Coursework:** Object-Oriented Programming (Java), Database Management Systems, Web Development, Software Engineering,

3RI Technologies Institute, Software Testing in Python

January 2024 - August 2024

- Completed

- **Coursework:** Manual Testing, Python for Testers, Test Case Design, Functional and Regression Testing, Integration Testing, User Acceptance Testing (UAT)

PROJECTS

Malaria Detection from Thin Blood Smear using CNN

June 2020 – June 2021

- **Description:** Developed a web application to detect malaria from thin blood smear images using Convolutional Neural Networks (CNN).

- **Technologies Used:** VGG-19 algorithm, CNN architecture, Python, Flask.

- **Key Responsibilities:**

- Designed and trained a CNN model for classifying blood smear images to detect malaria.

- Preprocessed and augmented image data to improve model accuracy and robustness.

- Integrated the trained model into a web application for real-time malaria detection.

- Evaluated model performance using metrics like accuracy, precision, and recall.

SKILLS

Technical Skills:

Programming Languages: C, Java, Python, SQL, HTML5, OOP Concepts

Testing Skills: Manual Testing, Types of Testing, Levels of Testing, SDLC Model, STLC, Selenium (Basic)

Testing Tools: JIRA

Soft Skills: Hardworking, Quick Learner, Ability to Adapt to New Technology, Problem-Solving

CERTIFICATIONS

Programming for Everybody (Getting Started with Python) - Coursera

Step in Software Testing (Python) - 3RI Technologies Institute
