

PROFESSIONAL SUMMARY

I am an experienced Salesforce Developer with 2+ years of experience in working on Salesforce CRM. My primary role is to develop and maintain custom applications built on the Salesforce platform which includes writing Apex classes, triggers, and Visualforce pages. I have successfully implemented several projects involving Salesforce customization and integration with external systems. I have strong technical skills with proficiency in Salesforce tools such as Force.com, Visualforce, Apex, Lightning Components, SOQL, SOSL. In addition, I am able to work collaboratively with peers on a variety of tasks and provide guidance on best practices.
