Summary

Confident and results-oriented **Project Manager & PMO Specialist** with 7+ years of experience in **strategic planning, project governance, and end-to-end IT project delivery**. Recognized as a **valued team player and proactive leader**, skilled at driving cross-functional collaboration, managing multiple priorities, and fostering strong stakeholder relationships. Adept at **PMO operations, risk management, and process optimization**, with a proven track record of ensuring projects are delivered on time, within budget, and aligned with business goals. Seeking to leverage expertise to contribute to organizational success and deliver measurable business outcomes.

Experience

IRT Digital Analytics Solutions Pvt. Ltd., Bengaluru, Karnataka, IN

[Jul 2018 – May 2021 & Mar 2022 – June 2025]

Chief Project Manager (Head of PMO) – Dec 2023 – June 2025

Sr.Project Manager (PMO) – March 2022 – Dec 2023

Project Manager (PMO) – Nov 2020 – May 2021

Assistant Project Manager (PMO) – Jul 2018 – Oct 2020

Project Governance & Business Analysis

- Led **Project Proposals & SOW preparation** in collaboration with Account Management, including feasibility, resource planning, and risk assessment.
- Defined and documented **Business Requirements (BRD/FSD)**, KPIs, and reporting needs through stakeholder workshops and requirement-gathering sessions.
- Conducted **Gap Analysis** to align client expectations with technical solutions for BI, Data Warehouse, and IT projects.
- Maintained and tracked governance deliverables including **RACI Matrix, RAID Log, and Lesson Learned Documents** to strengthen PMO maturity.
- Facilitated UAT planning, execution, and sign-off, ensuring alignment with stakeholder expectations and business readiness.

Resource & Capacity Management

- Managed end-to-end delivery of projects across Qlik Sense, QlikView, IBM Planning Analytics, NPrinting, and SSL implementations across BFSI, Automobile, FMCG, and NBFC industries.
- Oversaw a **resource pool of 100+ professionals**, optimizing allocation, utilization, and capacity planning across multiple projects.
- Coordinated distributed/offshore teams, ensuring seamless delivery, risk management, and compliance with project scope.

Stakeholder Management & Pre-Sales

- Acted as the primary liaison between clients, IT teams, and senior stakeholders, ensuring transparent communication of risks, dependencies, and project health.
- Partnered with Account Managers in **pre-sales solutioning**, effort estimation, and proposal creation for new opportunities.
- Drove **weekly PMR (Project Management Review)** sessions with clients and senior leadership to review financials, resource utilization, and project progress.

Financial Management & Billing

- Handled **monthly billing, PO management, and service reconciliations**, ensuring accuracy in invoicing and revenue recognition.
- Enabled timely milestone billing by coordinating approvals on timesheets, trackers, and deliverables.

Key Achievements

- Successfully delivered **20+ IT/Analytics projects** within scope, time, and budget, with a **98% on-time delivery rate**.
- Reduced MIS reporting turnaround from **2 days to 0.5 day (75% faster)** by automating report generation across group subsidiaries.
- Introduced **Project Fast-Tracking & Crashing techniques**, cutting average delivery timelines by 12–15%.
- Standardized PMO practices with **RAID Logs, RACI Matrices, and Lesson Learned Documents**, improving governance maturity by 30%.
- Consistently recognized for **strong client relationships** and awarded *Best Performance Award (Q3 2019)*.

Wipro Limited, Bengaluru, Karnataka, IN [May 2021– March 2022]

Assistant Manager - Project Management

IT Infrastructure Project Management

- Led **end-to-end IT infrastructure projects**, ensuring delivery within defined scope, timelines, and budgets.
- Defined and managed project scope, objectives, deliverables, and milestones in close collaboration with business IT teams and clients.
- Developed and maintained detailed **project plans and schedules**, ensuring seamless alignment with business requirements and technical teams.

Stakeholder & Communication Management

- Acted as the **single point of contact** between clients, IT teams, and leadership, ensuring transparency on project goals, expectations, and progress.
- Delivered **regular status reports and escalation updates**, enabling proactive risk visibility and decision-making.
- Conducted **weekly governance meetings** and daily reporting cycles, tracking deliverables against milestones.

Risk Management & Process Optimization

- Identified, assessed, and mitigated project risks through structured **contingency planning** and continuous monitoring.
- Streamlined project execution processes, implementing improvements that reduced bottlenecks and enhanced delivery efficiency.
- Ensured compliance with IT governance policies, regulatory standards, and organizational best practices.

Team Leadership & Quality Management

- Coordinated and guided **cross-functional teams**, ensuring tasks were delivered on time and met quality standards.
- Mentored new team members on project processes, tools, and delivery practices, enhancing team productivity.
- Monitored project execution against KPIs and SLAs, ensuring adherence to performance benchmarks.

Key Achievements

- Successfully delivered **32+ IT infrastructure projects** on time and within budget, meeting all quality standards.
- **Reduced turnaround time (TAT)** for key deliverables by streamlining workflows, achieving completion ahead of committed timelines.
- Improved overall **project governance and reporting standards**, strengthening transparency with clients and stakeholders.
