Education

- **Government Engineering College, Ajmer** - B.E./B.Tech (Information Technology) **CGPA: 8.42 | 2021 - 2025**
- **Board of Secondary Education, Rajasthan** - Class 12 **75.4% | 2019 - 2020**
- **Board of Secondary Education, Rajasthan** - Class 10 **85.5% | 2017 - 2018**

Skills

- **Programming Languages:** Java, Python, C/C++, JavaScript
- **Databases:** MySQL, MongoDB
- **Frameworks:** React, Node, Express, Spring Boot, REST APIs
- **Tools:** Git, GitHub, Linux, Postman, VsCode, IntelliJ Idea
- **Soft Skills:** Communication, Leadership, Team Work, Decision Making, Problem Solving
- **Relevant Coursework:** OOPs, DSA, DBMS, Networking, Operating System

Work Experience

Backend Developer @ Celebal Technologies | [Link](#) **Jun'24 - Aug'24**

- Completed a hands-on internship at Celebal Technologies, specializing in NodeJs backend development; built and optimized Restful APIs using ExpressJs, achieving a 30% improvement in response time.
- Worked with MongoDB and Mongoose for efficient database schema design, validation, and querying in real-world business applications.

Full Stack Web Developer @ EY Global Delivery Services | [Link](#) **Feb'24 - Apr'24**

- Built a full-stack food ordering web application using Django, HTML, CSS, and JavaScript with features like authentication, cart management, and order tracking.
- Enhanced user experience with responsive UI, real-time updates, and optimized backend APIs.

Projects

Public Grievance Redressal Portal | [Link](#) **May'25**

- Developed a full-stack Public Grievance Redressal Portal using the MERN stack with secure user authentication, complaint registration, and real-time status tracking.
- Built an admin dashboard to manage and resolve complaints efficiently, enabling issue status updates and direct communication with users.

Todo App | [Link](#) **Nov'25**

- Built a full-stack Todo List application with modular frontend-backend architecture, implementing task creation, update, and deletion features.
- Utilized Java, Maven, and Git/GitHub to structure the project, manage versions, and ensure clean, maintainable code.

Academics and Extracurricular Achievements

- Awarded to top 4.2% of leetcoders solving problems 100+ days in 2024. | [Link](#)
- Solved 500+ DSA problems and secured Rank 6 on GeeksforGeeks at college level. | [Link](#)
- Secured 2nd place in a competitive C++ debugging contest. | [Link](#)
- Responsive Web Design Certification from FreeCodeCamp. | [Link](#)
- Java Programming & DSA Certification from Great Learning. | [Link](#)
- Achieved rank 2816 in TCS CodeVita 12 global coding contest. | [Link](#)

Positions of Responsibility

Capstone Project | Team Leader **Feb'24 - Jun'24**

- Led a team in building a Food Ordering App using Django Framework, classified different sections, and created Synopsis & Report.
