CAREER SUMMARY

Certified Salesforce Platform Developer I with 3.11 years of experience in the IT industry, specializing in Salesforce for the past 2.11 years. Proficient in Sales Cloud and Service Cloud, I have a track record of successfully working with Salesforce standard objects such as Account, Contact, Lead, Campaign, Opportunity, Activity, and Document. My expertise extends to data management through Data Loader and Data Import/Export Wizard. I excel in automating business processes using validation rules, workflows, Process Builder, and flows, while also harnessing the power of reports and dashboards for data analysis. I have hands-on experience in developing business logic using various Apex classes and triggers, and I am well-versed in Batch Apex, Future Methods, Queueable Apex, and Scheduled Apex.
