Profile Summary

My name is Janhavi Kshirsagar, and I am pursuing MCA, graduating in 2025. I am reaching out to express my interest in internships or entry-level opportunities in the areas of full-stack development, React, Java, Angular, SQL, operations, data analytics, or QA.

I am open to internships or full-time roles, available to join immediately, and I am particularly interested in opportunities located in Pune or Mumbai.

With a strong foundation in both front-end and back-end technologies, along with a keen interest in data and quality assurance, I am eager to contribute to a dynamic and growth-oriented team.
