EDUCATION

Bachelor of Technology (B.Tech) in Artificial Intelligence and Data Science

Arya College of Engineering and IT, Jaipur, Rajasthan

Final Year (2022 – 2026) | CGPA: 7.37 / 10

Kendriya Vidyalaya No. 4, Jaipur, Rajasthan

Senior Secondary (Class 12th), CBSE | 2022

Secondary (Class 10th), CBSE | 2020

PROFILE SUMMARY

Full Stack Developer with expertise in **mobile application development** and web technologies, seeking opportunities to build scalable and innovative solutions.

- Proficient in Web development using HTML, CSS, JavaScript, and React. Familiar with backend fundamentals using Node.js and Data Structures & Algorithms (DSA) in C++, with experience in Android App development using Java.
- Demonstrated ability to manage and deliver software projects efficiently — from planning and design to deployment and maintenance — with hands-on experience in RESTful APIs, Git version control, and Agile development workflows.
- Actively engage in continuous learning and adopting modern development practices to deliver scalable and efficient solutions.

PROJECTS

Coder's Blog Platform | Full-Stack Web Application

MAR 2025 - APR 2025

GitHub: lokeshsingh78/coders-blog

Responsibilities:

- Authored full-stack MERN blogging platform with JWT authentication and Google OAuth integration
- Introduced rich text editor, comment system, like functionality, and role-based admin dashboard
- Built responsive UI with advanced search, filtering capabilities, and automated reading time estimation
- **Technologies:** MongoDB, Express.js, React.js, Node.js, OAuth, REST APIs, CSS3, Database Management

B.Tech RTU Notes App | Educational Mobile App

JULY 2024 - SEPT 2024

GitHub: lokeshsingh78/btech_notes_rtu

Responsibilities:

- Implemented Android application for RTU B.Tech students covering 8 semesters across all branches
- Integrated multiple study resources including handwritten notes, question banks, and subject-wise material
- Built with Android Studio and GitHub integration for collaborative content management
- **Technologies:** Android Development, Java, Android Studio, Git, Repository Management, Mobile Development

Indian Armed Forces Ranks | Interactive Web Application

NOV 2024 - DEC 2024

GitHub: lokeshsingh78/Indian-Armed-Forces--Ranks

Responsibilities:

- Designed interactive web application showcasing rank structures of Indian Army, Navy, and Air Force
- Organised responsive design with visual insignias and detailed hierarchical information system
- Created branch-wise navigation with educational content for defense aspirants and enthusiasts
- **Technologies:** HTML5, CSS3, JavaScript, Responsive Web Design, Git, Web Development

ACADEMIC ACHIEVEMENTS

Professional Certifications

- Full Stack Web Development – Udemy (Complete MERN Stack Training)
- Programming in Modern C++ – NPTEL (Govt. of India certified)
- Oracle Certified – Oracle Fusion Cloud Applications HCM Process
- **Cyber Security Intern** – Advanced Cyber Security with Internship | TechForce Academy, Jaipur | May 2025 – July 2025
- 3D Masterclass: Blender Animation – Creative modeling & animation
- C++ Fundamentals – Udemy (OOP & DSA basics)

Competitions & Events

- Innov8 Hackathon – National Hackathon with L&T
- Exergie'24 & Scintillations'23 – National Tech Fests, project showcase & technical participation

SKILLS

Programming Languages: C++, C, Java, JavaScript

Web Technologies: React.js, Node.js, Bootstrap

Databases: SQL, MongoDB

Development Tools & Platforms: Git, GitHub, Visual Studio, Android Studio, Blender

Professional Competencies: Analytical thinking, Problem-solving, Cross-functional Collaboration, Self-motivated

Interests & Hobbies: Technical Blogging (15K+ Followers on Dev.to), 3D Animation with Blender, Exploring Emerging Technologies
