SKILLS

- Framer Developer
- Wix Developer
- WordPress Developer
- UI/UX Design
- Customer Support & CRM
- Cloud Computing
- Data Analysis & Visualization
- Salesforce Administration
- Project Management

PROFILE

Web designer and UI/UX developer with hands-on experience in creating responsive, user-friendly websites and using AI automation tools to improve workflows. I also have foundational knowledge of Salesforce development, including objects, flows, and CRM concepts, which helps me understand how to build smarter digital solutions.

WORK EXPERIENCE

Web Design, Development & UI/UX

2023 – 2025

Self-Employed | 2023 – Present

- Designed and developed fast, mobile-friendly websites using WordPress, Framer, and Wix, focusing on speed, clean code, and responsive layouts.
- Worked closely with clients to understand their brand, goals, and user needs, and translated them into custom web experiences.
- Prioritized UI/UX best practices, ensuring intuitive navigation, minimalistic design, and smooth performance across all devices.

Automation, CRM, Data & Cloud Tools

2023 – 2025

Self-Employed | 2023 – Present

- Managed client relationships and automated workflows using Salesforce CRM and Zapier, improving efficiency.
- Streamlined project tracking and team collaboration with Jira, Trello, and Google Workspace.
- Created actionable insights and reports from data using Excel and Google Sheets, driving smart decisions.
